Session Survey Instructions

At the end of each session, you will be given 5 minutes to complete the session survey.

- Complete the survey using the mobile app or paper versions
- Provide the paper surveys to the room moderator or to the BetterBuiltNW table
- We appreciate your feedback

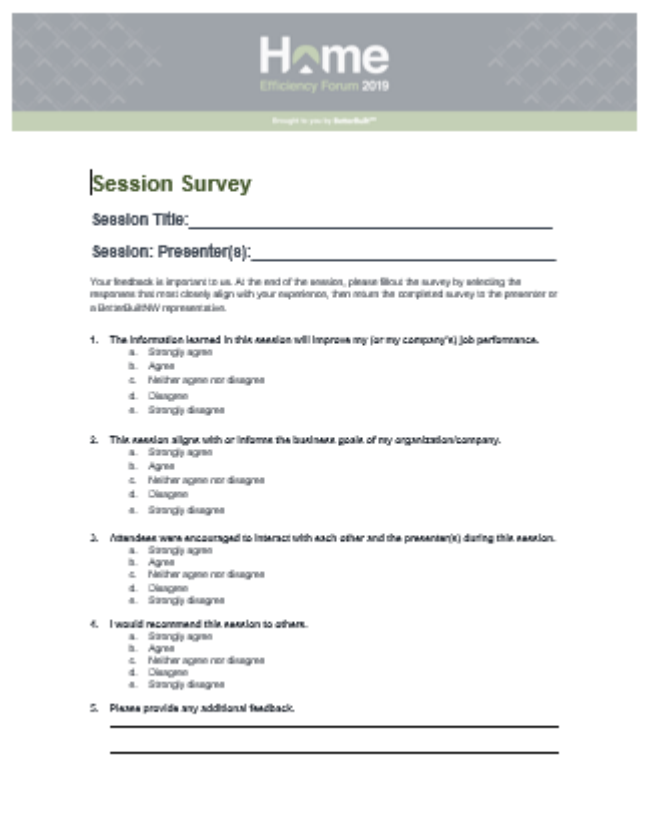

The image shows a survey form titled "Session Survey" for the Home Efficiency Forum 2019. The form includes fields for "Session Title:" and "Session: Presenter(s):". Below these fields is a note: "Your feedback is important to us. At the end of the session, please fill out the survey by selecting the response that most closely aligns with your experience, then return the completed survey to the presenter or a BetterBuiltNW representative." The survey consists of five numbered questions, each with five response options (a-e):

1. The information learned in this session will improve my (or my company's) job performance.
a. Strongly agree
b. Agree
c. Neither agree nor disagree
d. Disagree
e. Strongly disagree
2. This session aligns with or informs the business goals of my organization/company.
a. Strongly agree
b. Agree
c. Neither agree nor disagree
d. Disagree
e. Strongly disagree
3. Attendees were encouraged to interact with each other and the presenter(s) during this session.
a. Strongly agree
b. Agree
c. Neither agree nor disagree
d. Disagree
e. Strongly disagree
4. I would recommend this session to others.
a. Strongly agree
b. Agree
c. Neither agree nor disagree
d. Disagree
e. Strongly disagree
5. Please provide any additional feedback:

Panelists

Ryan Clemmer: HVAC

Tony Marnella: Builder

Tyler Moffet: Rater

What is a Design Charrette?

So, a Builder, an HVAC designer, and a Rater walk into a meeting room...

What is a Design Charrette?

charrette (shar-ette') *n.* **1.** A small cart. **2.** A collection of ideas. During the 19th century, students of l'Ecole des Beaux Arts in Paris would ride in the cart sent to retrieve their final art and architecture projects. While en route to the school in the cart, students frantically worked together to complete or improve these projects. The meaning of the word has evolved to imply a collection of ideas or a session of intense brainstorming. **3. An intensely focused activity intended to build consensus among participants, develop specific design goals and solutions for a project, and motivate participants and stakeholders to be committed to reaching those goals. Participants represent all those who can influence the project design decisions. [Fr. *charrette*]**

Keys to a successful charette

- 1. The meeting needs a Champion**
- 2. The earlier in the design process, the better**
- 3. Avoiding “reporting” behavior**

Benefits of a charette

- 1. Save time and money adopting a new process**
 - 2. Set measurable goals**
 - 3. Provide understanding for the changes**
 - 4. Identify problems early and solve them**
- And, oh yeah, the structure will be more efficient.**

Questions for the Panel

Thank You
